

SCOM 2012 Maintenance Mode Scheduler

License Key Installation

- 1.) Open the Administration Website <http://yourServer/MMWeb/Admin.aspx>
- 2.) Under **Licensing**. Type in your license key
- 3.) Click **Activate**
- 4.) You will receive a message “Basic, Pro or Enterprise License Successfully Applied” depending on the license you purchased

The screenshot shows the SCOM 2012 Administration Maintenance Mode Scheduler web interface. The browser address bar shows <http://xom01/MMWeb/Admin.aspx>. The page title is "SCOM 2012 Administration Maintenance Mode Scheduler" and the version is "Version 6.0".

The interface is divided into three sections:

- Configuration:** Fields for Scom SDK Account (domain\account), Password, MS Server, OperationsManager DB Server, and Database Name. A "Save" button is present.
- Customization:** Options for Date Format (MM/dd/yyyy, dd/MM/yyyy, 24-Hour Time dd/MM/yyyy), Include User Name In Comments, Auditing To Event Log, and checkboxes for Unix Page, Group Page, Class Page, Subscription Page, Manage Page, and One Click MM Page. A field for One Click Maintenance Mode Minutes is set to 60. A "Save" button is present.
- Licensing:** A field for License Key is highlighted with a red box. Below it is an "Activate" button. A message "Enterprise License Successfully Applied" is displayed at the bottom of the Licensing section.
